

Information for Connecticut Prescribing Practitioners and Pharmacists Provided Pursuant to Connecticut Public Act No. 23-171 (Law Effective October 1, 2023)

In accordance with Connecticut Public Act No. 23-171, Crinetics Pharmaceuticals, Inc. ("Crinetics") is disclosing to prescribing practitioners and pharmacists in Connecticut certain required "list price," or wholesale acquisition cost ("WAC"), information for its marketed prescription drugs*. The information provided herein is accurate as of the effective date of this notice.

The prices listed below are the WAC prices for each NDC-11, established and made available to the public by a third-party publisher. These WAC prices represent the published list prices for each NDC-11 sold to wholesalers before any prompt pay or other discounts, rebates, or reductions in price. The listed WAC prices may differ significantly from the actual prices paid by customers and consumers. In addition, a product's WAC price is typically not associated with per-dose pricing, and does not necessarily reflect price per dosage, price per course of treatment, or cost effectiveness.

Please refer to the Crinetics' website (<https://crinetics.com/>) for additional information about its products, including their FDA-approved prescribing information.
