

Information for Vermont Prescribers of Prescription Drugs PALSONIFY™ (paltusotine) Tablets

The following product pricing and competitor information is being disclosed as directed by Vermont state pharmacy law. The notice below provides the average wholesale price ("AWP") and the names of prescription drugs available in the same therapeutic class as Crinetics Pharmaceuticals, Inc.'s products based on the product label indications.

This list does not imply that the products on this chart are interchangeable or have the same efficacy or safety. Please refer to each product's FDA-approved label and indication for further information.

The AWP prices listed below and published by IBM Micromedex® REDBOOK®, but the actual price paid by consumers may differ significantly. Further, the AWP prices listed here do not necessarily reflect price per dosage, price per course of treatment, or the cost effectiveness of each product.

Please refer to the Crinetics' website (<https://crinetics.com/>) for additional information about its products, including their FDA-approved prescribing information.
